THREE SHOT IN GAMBLING ROW

NEGROES DRAW GUNS AND BEGIN SHOOTING WHEN THE CARDS FAILED TO GO THEIR WAY—TWO IN SERIOUS CONDITION.

Three were shot, two of whom are in a serious condition, was the termination of a gathering of negroes employed on the Barrineau turpentine works last night. This message reached the city this morning about 2 o'clock, when Deputy Johnson received a telephone message to come to the camp, nine miles west of the city, as soon as possible. He departed shortly afterwards with Deputy Nichols.

The information was that one negro had a shotgun and two others revolvers, and when the card game failed to go their way they opened up. One negro was shot in the back, another in the side and a third in the leg. Jim Hudson and a man named "Cup" are two of three who received wounds.

BIG SHIPMENTS MADE FROM THE GREAT LAKES

By Associated Press. Washington, Oct. 2.—The largest total of shipments ever made from the Great Lake ports developed in August, according to a bulletin just issued by the bureau of statistics. Domestic commerce was the greatest ever reported. Unusually large shipments of iron offset the fact that grain and coal shipments fell below the average. The shipment of iron ore showed an increase of 45 per cent.

Take Off the Fat Where it Shows

Most women suffer much humiliation because of great quantities of fat, so located that, no matter how they dress, everybody sees that they are abnormal. This is the day of the slender figure, and fat women are simply not tolerated either in business or social affairs. Women may not know it, but men when they see a fat woman pass them on the street or in public places make all manner of sympathetic remarks about her. They do not mean to be unkind or to seem unmanly, but it is natural for a man to dislike fat on a woman. Where it shows the most there is where it must be removed, and as quickly as possible. This season's dresses seem to be made for the fat woman misery, and the slender woman's delight. They expose all the charms of woman and her ugliness as well. Exercise and diet will not remove fat. This has been proved. The famous Marmola prescription which has met with such phenomenal success and has so many of our society women as its sponsors, is being sold in tablet form to meet the demand of the public for this style of treatment. These little tablets go into your system just like food. They stop the stomach and digestive apparatus from producing fat and force the fat upon the body at the rate of from 12 to 15 ounces a day. They are harmless and can be carried in your purse and taken even after you have indulged in a hearty meal away from home. They are sold at all drug stores at 75 cents a case, or if you prefer you may write the Marmola Company, Dept. 247, Detroit, Mich.

MASSACHUSETTS REPUBLICANS ENDORSE PRESIDENT TAFT

By Associated Press. Boston, Oct. 2.—Declining to make the matter of a national tax on incomes a direct issue of the state campaign, and endorsing the administration of President Taft and the recent tariff bill, the Massachusetts republican convention adopted a platform and nominated candidates to be voted for in November next. In a speech, United States Senator Lodge moved the nomination of Governor Eben S. Draper for re-election. The motion was adopted unanimously. Governor Draper spoke briefly in recognition of the compliment.

IN MEMORIAM

Perla Collier French.

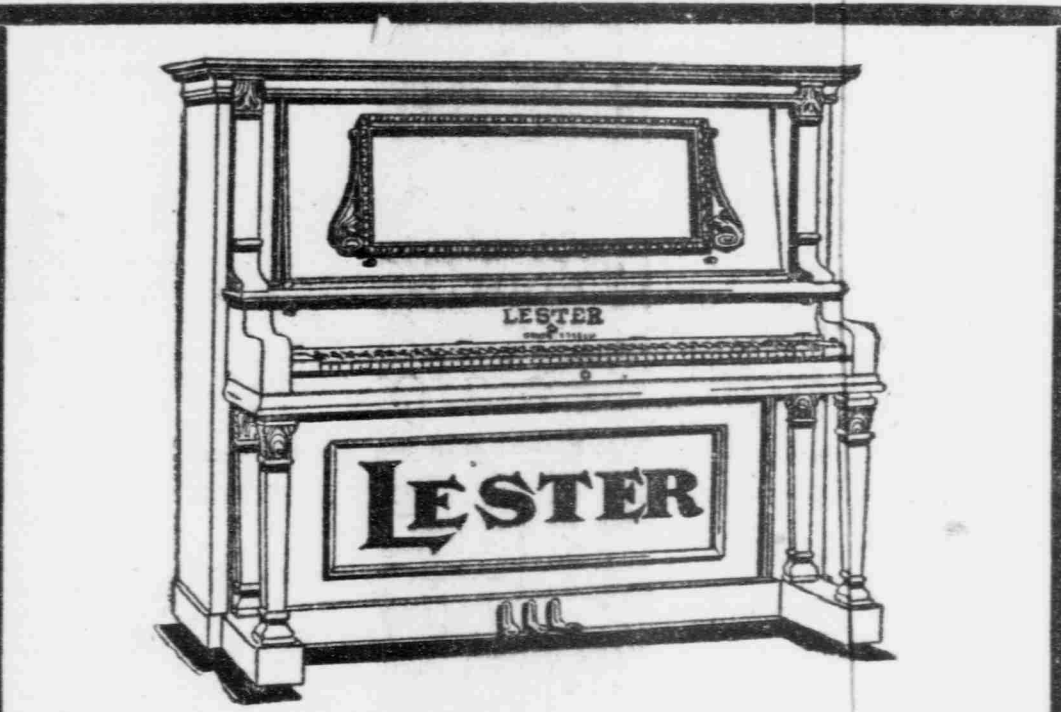

The depths of sorrow we cannot tell. At the loss of those we love so well. And while they lie in peaceful sleep Their memory we will always keep.

Three loved ones of mine have gone before And she has gone to meet them. On that bright and beautiful shore Clothed with a crown and golden stem.

A stroke of death did end their time; Short was their life, sharp their pain; This world is but a fleeting line; In heaven they meet again.

J. D. and A. meet at Heaven's gate With her beautiful crown of gold, Her tired soul to leave In the bosom of her Maker's fold.

Grave where is thy victory, Death where is thy sting. A FRIEND.
